

CAMPER INFORMATION FORM

Name of Camper _____

Age _____ Date of Birth _____ Grade Entering _____

Name of Parent /Guardian _____

Medical Concerns

Allergies

Restrictions

Other Concerns

Things we feel deserve special attention are:

Policy for Care of a Mildly Ill Camper: Sometimes the heat, excitement and activities can be a little too much for a camper. If a camper becomes mildly ill, they will be allowed to rest in the Camp Office until they indicate they're able to return to activity. If they are unable to return to activity we will contact the parent/guardian and request an early pickup. Children who have severe cold symptoms or a fever over 100 degrees must be kept at home; a child must be fever free for 24 hours before returning to camp.
